- 8) Takahashi, K. (2016). "Prospect for Nursing Management." A Curriculum for Recognition Nursing Manager: the 3rd Level. (Training Center of Japan Community Health Care Organization: Chiba, Japan). January 18, 2016.

Development of Intergenerational Care Model for Health Promotion

- 1) Kamei, T. (2015). Intergenerational relationships, *Journal of Japan Academy of Community Health Nursing*, 18(1), 118-121.
- 2) Ito, H., Kamei, T. (2015). An ethnography which focused on intergenerational exchange between older adults and school-age children in an urban community, *Journal of Japan Society for Intergenerational Studies*, 5(1), 37-45.
- 3) Kamei, T. (2016). The use of mixed methods research in nursing - as an example of the intergenerational nursing studies, *Nursing Research*, 49(19), 16-25.
- 4) Kamei, T. (2015). Methods of utilizing mixed methods research in nursing: effectiveness of intergenerational day program on school- age children and older adults in an urban community,

Plenary of mixed methods international research association Asia regional conference proceedings, 22-23, September 19, 2015, Ritsumeikan University (Osaka city, Osaka).

- 5) Kanamori, T., Kamei, T., Yamamoto, Y., et al. (2015). Study of intergenerational nursing support to promote exchanges of the frail older adults and children—a mixed method research, The 35th Academic Conference of Japan Academy of Nursing Science Annual Meeting Proceedings, 214, December 5, 2015, International Conference Center Hiroshima (Hiroshima city, Hiroshima)

Development of Women-Centered Care Models for Health Promotion --- Health Promotion During the Reproductive Age: Rukako's Salon

- 1) Kawamoto, M., Mori, A., Nakamura, N.(2015). Setting the time and space for women to talk and share about infertility and/or reproductive health ~ Practice and Role of Rukako's Salon. The 20th Annual Conference of the St. Luke's Society for Nursing Research, in Tokyo, Japan.

Development of Women-Centered Care Models for Health Promotion --- Decision-Making Support for Female Breast Cancer Patients Concerning Oncofertility

- 1) Hayashi, N., Suzuki, K., Nakayama, N., Takahashi, N., Fukawa, A. (2016). Oncofertility of female breast cancer patients : Decision-making concerning fertility preservation. 30th Annual Conference of the Japanese Society of Cancer Nursing (JSCN) (in Makuhari)
- 2) Kawakami, S., Hayashi, N., Hosoda, Y. (2016). Resilience of female breast cancer patients: a literature review. 30th Annual Conference of the Japanese Society of Cancer Nursing (JSCN) (in Makuhari)
- 3) Takayama, C., Hayashi, N. (2015). Patient's experience with continuing oral molecular targeted therapy for advanced renal cell carcinoma. 35th Annual Conference of Japan Academy of Nursing Science (JANS) (in Hiroshima)
- 4) Kadowaki, M., Hayashi, N. (2015). How general ward nurses engage cancer patients in End-of-Life Discussions: a grounded theory study. 35th Annual Conference of Japan Academy of Nursing Science (JANS) (in Hiroshima)
- 5) Hayashi, N., Suzuki, K., Imaginbai, M., Kataoka, Y., et al. (2015). The points child-rearing women and breast cancer survivors consider key for promoting breast cancer screening. *Health Care*, 57(8), 567-573.
- 6) Suzuki, K., Hayashi, N., Kataoka, Y., Kabasawa, M., et al. (2015). Development and evaluation of a breast cancer educational program focused on protection and early detection. *Health Care*, 57(9), 638-643.
- 7) Suzuki, K., Hayashi, N., Ohata, M., et al.(2016). Development and Evaluation of Audiovisual Teaching Materials to Promote Breast Awareness for Breast Cancer Early Detection. *Osaka Medical College Journal of Nursing Research*, 6, 23-29.

Development of Elderly-Centered Care Model for Home Care & Health Promotion -SAFETY on!Fall Prevention Program for Older Adults Living in the Urban Community

- 1) Irie, Y., Kamei, T., Kajii, F., et al. (2015). The impact of the physical fitness with older adults on multifactorial fall intervention program -a report in People-Centered Care activities in an urban community, *Journal of St. Luke's Society for Nursing Research*, 19(1), 19-26.
- 2) Sugimoto, T., Kamei, T., Kajii, F., et al. (2015). The predictor of falls in old-older adults living in the community- a 12 week followed up of fall prevention program participants, 20th Annual Meeting of the Japan Academy of Home Care Proceedings, 159.

Development of Elderly-Centered Care Model for Home Care & Health Promotion -Home Monitoring-based Telenursing for COPD Patients to Enhance Self-Management for COPD and Quality of Life

- 1) Kamei, K. (2015). Telehealth system in Queensland, Australia, Home Health Care for the People with Intractable Disease, 20(10), 12-16.
- 2) Nakajima, N., Kamei, T., Tofukuji, I., et al. (2016). Failure and missing operation in telenursing system with tablet PC system utilization with older adults patients, Annual spring conference of Japanese Telemedicine and Telecare Association 2016, February 13, 2016, Zenkoku Kaden Kaikan (Bunkyo-ku, Tokyo).
- 3) Kamei, T. (2015). Self-management system for CPOD patients using a telenursing system, The 21st Annual Meeting of Tokyo Home Care Respiratory Society, December 12, 2015, Jiji Tsushin Hall (Chuo-ku, Tokyo).
- 4) Kamei, T., Yamamoto, Y., Kanamori, T., Nakayama, Y., Kamei, N., Tofukuji, I., and Nakajima, N. (2015) Development and adaption of a wireless home monitoring-based telenursing/ telehealth system for home NCD patients, Success and Failures in Telehealth-15 and 6th Annual Meeting of the Australasian Telehealth Society, December 13, 2015, Brisbane Convention & Exhibition Centre (Brisbane, Australia).
- 5) Kanamori, T., Kamei, T., Yamamoto, Y., Nakayama, Y., Kamei, N., Tofukuji, I., and Nakajima, N. (2015), Effects of diabetes management and perception of Type 2 diabetic patient received home-monitoring based telenursing, a "two cases study," Success and Failures in Telehealth-15 and 6th Annual Meeting of the Australasian Telehealth Society, December 13, 2015, Brisbane Convention & Exhibition Centre (Brisbane, Australia).
- 6) Yamamoto, Y., Kamei, T., Kanamori, T., Nakayama, Y., Kamei, N., Tofukuji, I., and Nakajima, N (2015). Development of a telenursing curriculum for nurses and its evaluation in the Japanese healthcare system, success and Failures in Telehealth and 6th Annual Meeting of the Australasian Telehealth Society, December 12, 2015, Brisbane Convention & Exhibition Centre (Brisbane, Australia).
- 7) Nakajima, N., Kamei, N., Tofukuji, I., Kamei, T., et al. (2015). Assessment of patients' information communication technology literacy with telenursing system users, The 23rd Annual Conference of Nursing ergonomics Group, Japan Ergonomics Society, October 2015, Miyazaki Prefectural Nursing University (Manabino, Miyazaki).
- 8) Kamei, T., Yamamoto, Y., Nakayama, Y., et al. (2015). Development of telenursing education program and Evaluation by the participants, The 19th Annual Conference of Telemedicine and Telecare Association, October 9, 2015. Sendai War Reconstruction Memorial Hall (Sendai, Miyagi).
- 9) Nakajima, N., Kamei, N., Tofukuji, I., Kamei, T., et al. (2015). Operational challenges of telenursing system for older adults, The 19th Annual Conference of Telemedicine and Telecare Association, October 9, 2015. Sendai War Reconstruction Memorial Hall (Sendai, Miyagi).
- 10) Kamei, T. Fundamentals of telenursing and evidence-based telenursing practice. (2016). The 4th Telenursing practice seminar, January 9, 2016, St. Luke's International University (Chuo-ku, Tokyo).
- 11) Yamamoto, Y., Home monitoring and telenursing (2016). The 4th Telenursing practice seminar, January 9, 2016, St. Luke's International University (Chuo-ku, Tokyo).
- 12) Kanamori, T. (2016). Application of home monitoring & telenursing practice of oversea countries, The 4th Telenursing practice seminar, January 9, 2016, St. Luke's International University (Chuo-ku, Tokyo).
- 13) Kamei, T. (2015). Telenursing - the new way of support for the home care patients, The 5th Seminar for Future Nurses, December 26, 2015, St. Luke's International University (Chuo-ku, Tokyo).
- 14) Kamei, T. (2015). Ministry of Health, Labor and Welfare project; Telemedicine and Telecare Training, Program, Monitoring and Disease Management Course 5 ;Telenursing, November 27, 2015, TKP Osaka Umeda Ekimae Business Center (Osaka, Japan).
- 15) Kamei, T., et al.(2016). Gerontological Nursing Practice Skills-Telenursing, Igaku Syoin, 381.

16) Akiyama, M., Ogura, A., Kamei, T., et al. (2015). Theory of Home Care- COPD, 264-271, 331-343.
